

Support of this Ministry

Brethren, it would be worth your time in eternity to support this prison ministry work, it has brought a great light into some of the darkest corners of this nation. Where men fear to set foot, the Holy Spirit moves boldly upon the souls of some of the most hardened criminals, bringing brokenness and light to the lost, and setting the captive free by a message of hope and deliverance.

Your prayers and support for this anointed prison ministry will reap a harvest of untold multitudes by pushing back the darkness and revealing the glorious light of the gospel of our Lord Jesus Christ. We need God to pour out on us so we can feel what He feels for lost souls. Just one soul won will make an eternal difference when standing before the great King on that day.

It only costs \$47.00 to send one inmate through the entire Correspondence Course. You can support this work by sending your donations to:

School of Christ International
Prison Ministry
2630 South 11th Street
Beaumont, TX 77701

How to Contact Us

We already have many volunteers across the country using the School of Christ material in their local jails and prisons touching the lives of hundreds of inmates with the Gospel of Jesus Christ. If you are interested in starting a prison work for your Church or Ministry we can help.

"A Good Report"

Many of our students have already graduated the Course and have become bold witnesses in the prisons they're in, while others have since been released and gone on to other ministry work as a direct result of the School of Christ teachings.

One student wrote me recently and told how he and others have been studying the Course together through the ventilation system. He wrote and said, "The great thing about our ventilation Bible studying is that the vents lead all the way back to death row. Hardened men on death row are given an opportunity to hear the gospel." Hallelujah, what a testimony!

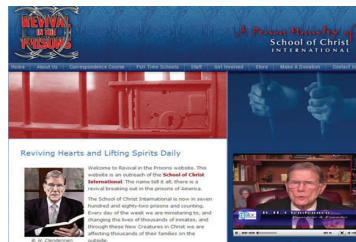

Men and women who we could never reach, the Holy Spirit has found a way to speak to their hearts. Praise God for these kinds of reports!

Another exciting report is that the School of Christ is not only affecting the inmates, but the Wardens, Chaplains, and even many prison guards.

One Chaplain called and told me that he had an inmate transfer from another facility with the School of Christ Correspondence Course, he said, "I read some of the material, and this is exactly what I've been looking for, please, can you tell me more!"

Two weeks later, he mailed me one hundred and twenty names from his facility to enroll in the Course.

Revival in the Prisons Website

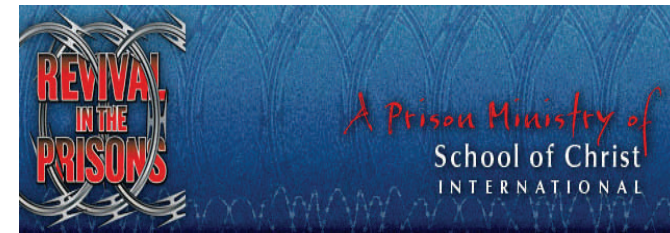

The School of Christ has a new website dedicated to our prison ministry outreach. The site includes information about what the School of Christ has done and is now doing in our prison system across the country and across the world.

Many great reports and testimonies are included on streaming video along with information on how you or your Church can become involved with this great outreach.

Be sure to look over the entire site as you will be moved by what the Lord is doing through the School of Christ International prison ministry.

Prison Ministry Brochure

Welcome to the SOC Prison Ministry

"...I was in prison, and ye came unto me." Matthew 25:36

In reaching this generation for Christ, the School of Christ has now become the most effective prison ministry in the world. Not just because of size, but because of its effectiveness.

We have already placed the school in sixty-two prisons in Russia, with many more in South America and Africa. Our contract with the CCA (Corrections Corporation of America), has placed the School of Christ in sixty-seven prisons throughout this country with more being added. The school has literally been transforming the prison population.

We knew it just wasn't possible to place a school in every prison facility, so we began putting together the Correspondence Course in hopes of reaching as many inmates as we could and in January of 2006 we mailed out our first packet.

In just a little over four years our office has reached over twenty-six thousand inmates with the SOC Correspondence Course. These figures don't include the unknown number of facilities that we are in through the work of volunteers from Church's across the country and of other ministries who use our material.

The work continues to spread throughout our nation's prisons like wildfire and we are anxiously looking for revival to break out among our students.

A Burden for Prisoners

Jesus made it clear that those in prison were His as well as any other people (Matthew 25:36). He came to die for the lost and it is our responsibility to reach every man with the Gospel no matter what he has done.

The man behind bars is no different than the man walking the streets, they both need the Savior. The great Apostle Paul said, "*Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived:*

neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind,

Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God.

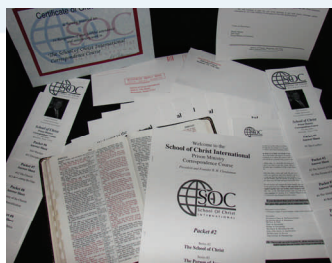

And such were some of you: *but ye are washed, but ye are sanctified, but ye are justified in the name of the Lord Jesus, and by the Spirit of our God."*

Paul pretty well covered where most of us have been, and what the Lord has saved us from, now we owe a debt to our brothers and sisters behind bars.

Most people fear prisoners because of the stigma of prison, but were we any better in God's sight? These are souls that Christ died for and their blood will be upon our hands if we do not include them while fulfilling the great commission.

We have had such great testimonies come out of the prison population that we believe God has fully ordained this work and has blessed our efforts to bring the true Word of God to the men and women behind bars.

How the Prison Course Works

The School of Christ itself is comprised of 156 lessons divided up into 19 series and the Prison Correspondence Course is made up entirely of these School of Christ materials. We have literally taken the manual and broke it up into nineteen individual series booklets. Along with these booklets we have included a series quiz which the student will take at the end of each study.

Once we received the name of an inmate who is interested in the course, we mail them their first series called the "Conflict" along with detailed instructions about the course.

This course is self paced and usually takes anywhere from six months to nine months to complete depending on the student. We provide everything, even a stamped envelope to return their tests in. There is absolutely no cost to any inmate who is currently incarcerated.

We grade their test and answer any questions or prayer requests, then return the graded test along with their next packet. There is a total of four packets sent to each student.

The first packet contains series #1-4, the second 5-11, the third 12-16, the fourth 17-19. We provide a Certificate of Completion for every student who completes the course with at least a 70% overall grade.

A Testimony of Life

The greatest sign of God's approval on anything is the presence of His Life. Jesus said, "*I am the Way the Truth and the Life.*" The greatest testimony that has

come out of the SOC Prison Ministry Correspondence Course is the testimony of a changed life, and that changed life touches the lives of others.

In chapter 8 of the book of Acts, it's recorded that the church was persecuted, and as a result spread throughout Judea and Samaria. Verse 4 says, "*Therefore they that were scattered abroad went every where preaching the word.*" This was the work of the Holy Spirit spreading the Gospel during the first century Church.

This very same work is being fulfilled by the Holy Spirit in our prison facilities today.

We started out with just a hand full of prisons using the Correspondence Course, but as is normal in the prison population, inmates are transferred on a regular basis from one facility to another; all the while the Holy Spirit was spreading the School of Christ with them.

This is what is so exciting; our students are not just carrying another lifeless Bible study, but rather Life itself, because the Life is in them. Jesus said, "*I give you Life.*" This is what the School of Christ is all about.

Inmates want this School, not just because it's an intense Bible study but because of the change they have seen in the students who have already taken it, they want what the others have a heart that has been set free through the power of the truth in the Lord Jesus Christ.

The Holy Spirit is moving the School of Christ into places we could never go. In keeping with Brother Clendennen's vision, we are making missionaries and sending them out to those whom we could never reach. The testimonies that are coming back are heart rending and incredibly powerful. We are making a difference!
